Hassan Hassouna

Full Stack Web Developer

👤 Profile

I am a creative, responsible, and highly motivated junior developer who has experience working on end-to-end§ projects, both independently and in a team. I am seeking to utilize my skills and experience in a full-time Full Stack position.

💼 Employment History

Full Stack Developer at Library Startup, Haifa
July 2021 — October 2021

I worked on a website that provided access to and digitally conserved newspaper articles from the 1800s and books from the 1700s.

Technologies used:
HTML, CSS, JavaScript, React.js (front-end)
Node.js, Express.js, PostgreSQL (back-end).

🎓 Education

Full Stack Web Developer, Monday-U, Tel Aviv
May 2022 — Present

I completed a bootcamp run by Monday.com's top engineers, who provided us with a plethora of tools such as React, Redux, Node.js, Express.js, Jest, MySQL, Sequelize, and Docker.

Information Systems, The Academic Tel Aviv Yaffo, Tel Aviv
October 2018 — July 2022

I graduated with an average of 80.

Full Stack Web Developer Bootcamp, Founders And Coders, Haifa
June 2021 — September 2021

I finished an intensive coding Bootcamp which covered the entire MERN stack. I built several end-to-end projects from scratch while adhering to solid OOP principles & communicating with a lot of external APIs.
